Hooksett Emergency Management
Functional Needs Assessment

During a disaster or an emergency, people with functional needs may require assistance with communication, medical support, or transportation. This voluntary assessment is part of an annual program through the Hooksett Emergency Management Office to identify people who may need assistance in the event of an emergency.

If you or someone you know needs individual help, it is important for you to let our office know. Just fill in the information and return the form. If you have any questions concerning your need for assistance during an emergency or if you are concerned about someone you know who may need specialized emergency help, call the: Hooksett Fire-Rescue Dept. (**603-623-7272**) or Hooksett Police Dept. (**603-624-1230**).

Completion and submission of this assessment does ***not*** guarantee services and should not take the place of personal preparation. Remember, in an emergency, you will be better prepared if you know how to help yourself and others, as well as how to receive help from others. If you or someone you know needs individual help in an emergency, it is very important for you to let us know. This assessment will be conducted annually. Thank You!

This information will be kept confidential by the Town of Hooksett Emergency Management.

(Please complete the survey and return it to the address below)

Send the completed form to:

Fire Chief Michael Williams, Director of Emergency Management
